

2D Tiles

2D acoustic tiles

This versatile paneling can be used for anything from screens to art decorations. Whatever you choose to use it for it will serve more than one purpose; its acoustic properties greatly improve focus and concentration. When decorating a dull room, its ability to be made into so many different things, means it can be tailored to suit many different styles and applications. With a variety of 12 shapes, you can be sure to find the right design for your needs.

E-panel

- 12mm - 0.4 NRC Sound absorption
- 24mm - 0.8 NRC Sound absorption
- Group 1-S [MBIE C/VM2 table A1].
