

# Canyon

## Drop Screen

**Canyon - Light and breezy, space defining acoustic screens.**

Manufactured from 12mm E-Panel, with a 0.4NRC sound absorption rating, this minimises noise and distraction in the office, while maintaining a sense of light and openness. This fixture does not only quieten your office but adds design and beauty as well. The Canyon Drop screens are perfect for space definition in your workspace and offer a unique acoustic benefit between different areas as well.
